### That's Why Every Location Owner Will Want a WURLITZER

In barber shops and beauty parlors . . . in doctors' and dentists' waiting rooms as well as in their homes, millions of people are seeing Wurlitzer advertising in national magazines.

Millions more are being told by Wurlitzer's outdoor billboards to look for Wurlitzer's Sign of the Musical Note to identify a place where they can have fun playing Wurlitzer Music.

No wonder Wurlitzer locations are feeling an upsurge in business. No wonder Wurlitzer Factory-Approved Music Merchants are finding it easier than ever to get and hold the best locations. The Rudolph Wurlitzer\* Company, North Tonawanda, N. Y.

# **Location Contracts**

#### By Bill Gersh

Practically from its inception The Cash Box has urged coinmen to arrange to sign legal contracts with their locations so that they would be assured, as best as they could be assured, that these locations would remain theirs—at least until they had amortized the cost of their equipment.

Today, this idea has grown with leaps and bounds everywhere in the country. There are only a few operators scattered thruout the nation who haven't as yet adopted this practise. To help all coinmen *The Cash Box* has many times reprinted various legal contracts which are in use thruout the country.

One of the most outstanding of the lot is the "lease" type contract which is being used by the California Music Operators Association and which has proved itself in court cases. George Miller, who heads this association, has records of four cases wherein this lease-type contract was upheld by the courts and damages awarded to the operators. In each case the operator proved that he had actually "leased" the space on which he set his machine so that the location owner had actually broken the lease when he attempted to put the operator out of the spot.

Other contracts are perhaps just as binding, but, most of these haven't as yet been proven by the court tests with which this lease has proved itself. There is no doubt, tho, that operators, who have arranged to have their lawyers draw up location contracts for them, adopting all the tenets of the law peculiar to their own communities and their own states, have contracts with their location owners which are just as binding as any type contract they would otherwise have used.

The Baltimore Salesbook Company, some years ago, made an exhaustive search of all types of location contracts in effect, and had its attorneys prepare one contract covering all the important phases of each. This contract applies to almost any type of location and can be used for every type of machine.

What is most important at this time is, in view of the fact that coinmen are out to at last obtain a better commission arrangement with their locations, that they further this selling point with a location contract so that, after they have sold the retailer on the fact that they must change the present commission set-up, they will at least be assured of maintaining the location for two or three or as many years as they believe they can sign up the location owner.

There would be little value in an operator approaching his locations and advising them that he is forced, because

of high prices for his equipment, tremendously increased overhead costs, labor's greatly increased wages and other hiked prices, to change his present 50%-50% commission to 75%-25% commission basis or 70%-30% commission basis—and then let it go at that.

This new commission basis should appear in a location signed contract along with the length of time which the location grants the operator the right to remain in his place of business. The minimum time limit for which any operator should sign is two years—that will just barely amortize the cost of his equipment.

The intelligent operator will attempt to sign everyone of his locations to at least a three year contract so that he will be completely sure of amortizing whatever equipment he will have to install, plus the further fact that in a three year period he has the opportunity of pulling out of the spot, should he then lose it, with a profit.

Once again *The Cash Box* reprints the lease which the California Music Operators Association of Oakland, California have made famous for those operators who want to use it in their territories.

# The Cash Box Page 4 Week of July 22, 1946 HERE'S THE JUKE BOX LEASE THAT WON FOUR FAVORABLE COURT DECISIONS

NEW YORK—In the past few weeks The Cash Box has been in receipt of many requests to repeat the "lease" which appeared in its November 19, 1945 and April 8, 1946 issues and which has already won four favorable court decisions for the California Automatic Music Operators Association of Oakland, Calif.

Repeated here, then,, is this lease which has stirred so much comment.

The average juke box operator realizes that to protect himself from losing his locations he must enter into some sort of a legal agreement with his location owners.

A great many location contracts have been presented and as many

worthwhile for there is a definite psychology back of getting a location owner to sign an agreement with legal wordage which, more than anything else, makes him stick to the contract he has signed.

And, naturally, this benefits the operator who has his machine in that storekeeper's location.

This "lease" prepared for the Oakland, California operators by its attorneys has already won four court decisions in its favor. As George A. Miller, executive manager of this association reported, "We have never since had any trouble where our operators have signed the location owner to this lease."

to give juke box operators thruout the country as much information as they require regarding this lease. His address is 128 East 14th St., Oakland, Calif.

There is no doubt that this "lease" has a tremendous power in court. It actually rents the space desired from the retailer. Therefore, the juke box operator has a very strong stake in the location.

Should the storekeeper decide to throw out his machine, without first settling this lease with the operator, there is no doubt that other courts in the country will probably use the precedents already set by those California courts which acted so favor-

re in use today. All these are   Miller is also favorably inclined   ably for the operators in such cases

# FEAR TAX HIKES PLUS BAD PRESS NOTICES IF PLAY GOES TO 10¢

# Fear Press Will Pick 10¢ Play Up as "Inflationary Item" and Cities May Use This as Excuse to Raise License Fees.

NEW YORK — A new angle has developed in the demand of some juke box operators that all phonos be produced with 10c coin chutes replacing the 5c slot and that further play action be at 2 for 15c or 3 for 25c.

This angle, according to some leading juke box coinmen, is that it will bring about very bad press notices. These men claim that the juke box is today nationally accepted by the public and the press as well and that many newspapers, magazines and other media thruout the country, including radio, are continually mentioning the juke boxes.

"Once a juke box is set for 10c play, instead of 5c", one noted juke box operator writes, "not only will the public instantly react to this doubled price per record, but, the newspaper in any town will pick this up as an 'inflationary item' and this means that we are going to get some bad publicity at a time when this industry can ill afford it."

This op recommends, "Let's hold back from raising the cost of each play to 10c at this time. Not only will the newspapers jump down on our necks, but this will come to the attention of the tax councils in every city and the windup will be that we are going to be double-taxed. I know how these tax makers work and there is no doubt in my mind that when they see us charging 10c per play that they, too, are going to immediately think that instead of \$10 per year license fee per phono we should pay them \$20 per year and maybe even

more."

He also writes, "I don't know how others feel about it but, as far as we are concerned, we are going on \$5 per week front money and then will arrange to split the take on a 70%-30% basis. At the present time we are getting \$5 per week but splitting the balance on a fifty-fifty basis and we find that this isn't enough with the cost of the new installations."

"We may, instead, wherever we install a new juke box and some wall and bar boxes, ask for 1% of the gross outlay for the installation as front money each week and then split the balance fifty-fifty. We have learned that most of the locations will not argue this point, especially when we install new equipment."

This brings a new angle to the picture. With all leading manufacturers, wholesales and retailers in the nation now advertising and announcing that they are attempting to "hold the price line until production catches up with demand", there is much logic in what this operator is attempting to bring before the juke box trade.

There is no doubt that the public and the press will instantly note the price increase per play to 10c. At this time it may react like a boomerang, even should the storekeepers agree that the ops should be getting a better price in view of the inflated overhead and labor costs they are enduring as well as the greatly increased prices of the new machines as compared to the pre-war prices of these machines.

Many juke box coinmen have hesitated about kicking up the price per

play to 10c for more than one reason. Now, of course, with OPA gone and with everyone attempting to hold the price line, there is more reason than ever that no official eyes be directed at this industry in the belief that this business wants to take advantage of OPA's demise by hiking the cost of its juke box entertainment to the public.

There are coinmen who propose, instead, that the operator increase his take by arranging for 30% to the location and 70% to himself. Wherever he can, as was done in the State of New Jersey, he should even try for a 75%-25% commission basis.

Other suggestions are: 1) "Front Money", obtaining anywhere from \$5 to \$10 per week per machine and then splitting the balance on 50/50 or 70/30 whichever proves most logical; 2) "Flat Guarantee Basis", which means signing the location owner to at least a two year contract on a flat guarantee of \$15 per week and the balance to be split on a 50/50 basis. (This is already in effect in some areas and was reported in the case of one Los Angeles operator in The Cash Box sometime ago); 3) 3) Obtaining 1% of the total gross installation cost per week plus splitting the balance on a 50/50 or 70/30 basis. This works out well in the case of the new equipment where an entire new installation is made. At the same time contracts with the location should also be made in this case based on the approximate time it will take to amortize the entire cost of the new installation.

# OPS' CASH IS RUNNING SHORT, DISTRIBS SAY

# Claim Many Ops Have Made Outside Biz Investments and Are Now Caught Short on Cash For Purchases. Full Financing Becomes Factor.

NEW YORK — Once again, leading distribs report, they are arranging for full financing of machines being purchased by many ops thruout the nation. They claim that the average operator is running short of cash. This does not mean, they explain, that his financial background is not good, but instead, they say, he has invested in so many outside business interests that he is strapped for immediate cash down payments for the machines he would like to buy.

Music distribs are especially surprised, according to reports received, as to how many ops now want as much financing as can possibly be arranged for them. These men are also rather upset over this situation for they fear that when machines do really break loose in large numbers on the market that they will be up against a very hard financing problem with the average operator in their territories.

One distributor puts it this way, "We have found that the average operator in our territory is really short of cash with which to make substantial deposits on the machines he wants. This doesn't mean that he hasn't any financial rating. In fact, his financial status is extremely good. He usually owns restaurants or taverns or apartment buildings or some other business, but, when it comes to putting up ready cash for

the purchase of equipment, he simply hasn't the money.

"We have also found", this same distrib continues, "that some distributors are already allowing operators 90 days time in which to meet their first down payment and their first note. We don't know whether this is a move to get into the operation, but, we do know that it doesn't sound too good for us or to many other distributors with whom we have spoken in view of the fact that all of us are concerned with what will come about when machines begin rolling off the production lines in large numbers and we have to arrange for speedier sales."

Another distrib reported, "We are already making arrangements with finance firms to cover the ops who are purchasing equipment from us. We all believed that we just had to announce that we had some new games on hand and the operators would come flocking in with plenty of cash and take them away. But we have learned that this isn't the case. The operator wants plenty of financing and can put up good collateral.

"Quite a few of us are concerned about this," he continued, "and we wonder whether it will have a negative effect on the market when the new games come out. It does seem a screwey set-up to us, but, like a lot of distributors, we have found it

to be the absolute fact."

This again brings into being *The Cash Box* suggestion which has been presented to the industry for over four years now that there be created a "National Coin Machine Credit Bureau" which would be able to guide the interests of the wholesalers and the operators in this industry.

The need for such a bureau will grow greater as time goes on. The average operator knows that he will need much financing and a greater credit set-up to offset the fact that he hasn't the amount of cash on hand to cover his purchases of new equipment

He will then need some agency to help him obtain the credit which he will require and if a "National Credit Bureau" is in existence it will be so much easier for him to arrange for credit with the wholesaler in his territory.

The operator requires a financial rating of some kind which would be of a confidential nature and retained only in the interests of the coin machine industry.

This would bring about as close credit cooperation between the operator and wholesaler as could be expected. The arrangement should be thru some thoroly reliable organization which would be completely trusted by all members of the industry.

# "Voot Nay On The Vot Nay" "I Sold My Heart To The Junkman" Basin Street Boys (Exclusive 225)

• The Basin Street Boys are among our better rhythm makers, and when they combine with Eddie Beal's Fourtet they can be expected to come up with a hot piece of wax. They do. "Voot Nay On The Vot Nay" is a hopped up piece of music interpreted with jump by the lads. The lyrics are strictly a la Slim Gaillard, full of double jabberwockey, but they're done effectively. If the locations like Gaillard, they'll like this platter which is done more broadly than what the Gaillard crew usually offer. The backing, "I Sold My Heart," is fairly adequately offered, and passes as a romantic ballad. Stand this disk on the "Voot Nay" side for biggest returns.

# "Why Does It Get So Late So Early" "Dreamland Rendezvous" Skitch Henderson Orchestra (Capitol 270)

• "Why Does It Get So Late So Early" should do well with the hand holding customers since it's a musical bit about their usual lament. As served up by the Skitch Henderson crew, a musical aggregation showing lots of promise, it's effective. Ray Kellogg, the vocalist in the case, turns in a fair, workmanlike job on the lyrics. The backing, "Dreamland," is done right for dinner locations and is good for listening and dancing. Skitch is spotlighted on this side as he carries thru the melody with the kind of piano work he's famed for. A dependable piece of wax.

#### "G'wan Home, Your Mudder's Callin'" "There Are Two Sides To Every Girl" Jimmy Durante with Eddie Jackson (Majestic 1059)

• Chalk this disk up as a nickel grabber, at least one side of it. "G'wan Home Your Mudder's Callin'" is a natural if spotted in the right locations, spots that go for Durante, and the lyrics he croaks on this waxing. It's typical Durante at his best, and what with his recent film triumphs, there'll be lots of customers wanting to drop lots of nickels to hear him on jukes. Musically it belongs on an organ grinder, but nonetheless, Durante puts it over with his inimitable style as effectively as Stokowski at his long haired best. The backing, "There's Two Sides To Every Girl," has too much chatter to make it last after a few plays. But the fronting is realiy worth while. If the platter moves too slowly in any one location, move it. It's a novelty that'll do terrific biz as long as it's kept on the move. A word for Eddie Jackson: The duet he does with Jimmy nets him equal credit.

#### DISK O'THE WEEK

"To Each His Own"
"Cynthia's In Love"
Eddy Howard Orchestra
(Majestic 7188)

EDDY HOWARD

 This is the first opportunity we've had to do a review of Eddy Howard's "To Each His Own." And that's too bad. We'd like to have said we discovered it. But the fact of the matter is that this disk has skyrocketed so fast, thanks to jukemen having picked it up while it was warm from the presses, that all we can do is give them our "amen" and call it the "Disk O' The Week." This review, then, is for the benefit of ops who have still to hear the platter. Here's the report: It's a beautiful romantic ballad. Eddy Howard's vocal is outstanding. The vocal trio who assist are right in there. And the orchestration is top flight. It's coining nickels as fast as the meters can count. So what else can we say? Locations? Put it anywhere. The backing, "Cynthia's In Love," is given a stellar interpretation by Eddy on the vocal, and his crew on the orchestration. It's a double header for sure, so buy it while there's still some around to be bought.

# "Who Do You Love I Hope" "Pretending" Andy Russell (Capitol 271)

• Who Do You Love I Hope" may be billed as the heavy money side of this platter, but for Andy Russell's side and for the benefit of his success with the juke box trade, we're pushing "Pretending." It's a first class, proven romantic ballad tempoed exactly for his style, and the version he offers will attract nickels and fans. It's right for Andy, and it's right for any location where they like them smooth and dripping with love. "Who Do You Love" is done in workmanlike style, but it's not Andy's tune. The Paul Weston ork does well in providing the musical backdrop with the well arranged notework.

# "After Hours" "Shorty's Got To Go" Ace Harris Orchestra (Hub 3019)

• "After Hours" is a top piece of instrumental work done in a slow, blue mood. Outstanding is the 88'er whose piano is something worth lots of coin as he keeps it running thruout the restrained but powerful melody. It's a top side for soft lights locations and wherever they like their disks good but unobtrusive. The backing, "Shorty's Got To Go," is strictly for the stompers. It's a novelty offered up with Ace Harris calling the lyrics and the ork serving as a redundant chorus. Effectively done, it's recommended.

# "My Sugar Is So Refined" "Ugly Chile" Johnny Mercer (Capitol 268)

• "My Sugar Is So Refined" is top juke box fare when it's considered that the caroling is done by Johnny Mercer and the Pied Pipers. They do an interpretation that should go first rate in locations wherever the down south Mercer voice carries drawing appeal, and that takes in lots of territory. It's a sweet little novelty cynically telling of the gal who's putting on the dog, and they'll go for it wherever plain folk gather. The flip is "Ugly Chile," and it's typical Mercer. Also a novelty, like sugar it has lots of rhythm, is well paced, and done to a slow lindy tempo. A good piece of wax.

# "When You Make Love To Me" "Along With Me" Margaret Whiting (Capitol 269)

Margaret Whiting can be called a contender for the top spot as a gal warbler no matter who holds it now. Her version of "When You Make Love To Me" says so. A smooth, romantic ballad, it is given added depth, meaning and appeal by the tenderly passionate Whiting vocal chords, and all that adds up to her emergence as a gal who should be heard on the jukes. Her version of "Along With Me," actually the headliner on this disk, is the best interpretation we've heard from a female voice. It's a very tough song to register at best, and the fact that she carries it off in the style she does is to her top credit. An excellent piece of wax for where the romancers gather.

# "Just My Luck" "Why Does It Get So Late So Early" Kitty Kallen (Musicraft 15074)

• Kitty Kallen is a gal who can really sing and her performance on this pressing is tops. "Just My Luck" is a ballad of the romantic type. The beat is slow, the singer good, and the orchestral background as furnished by Sonny Burke and his boys leaves no room for improvement. They step it up a bit on the flipover and it's easy to take as it. "Why Does It Get So Late So Early" is exactly the thought of most romancers and this record is sure to do plenty of business. Kitty again hands out a good vocal and the Burke band provides some mighty good music. Have a listen and see for yourself.

# "Time Will Tell" "Grandpa's Gettin' Younger Ev'ry Day" Lulu Belle & Scotty (Vogue 720)

heart ballads. "Time Will Tell" is strictly hillbilly stuff and will get a big play in those locations, but it's also sure to start the tears flowing in the beer parlors. Lulu Belle and Scotty pair up vocally and give it all they've got. The pace is fast on the backing, "Grandpa's Gettin' Younger Ev'ry Day." It's mountain music and a novelty to boot telling about Grandpa's antics since he met the Widder Brown. Lulu Belle and Scotty even yodel in this one and there's a hot fiddle passage that will cock the customers' ears for a second or third play. Both sides contain a good cross section of this type of music

# "Easy To Love" "Romance Of A Queen Bee" Lou Bring and His Orchestra (ARA 152)

• It's a toss up as to which side is better, but your reviewer is partial to "Easy To Love." Here's a grand arrangement of that smooth Porter tune. True, it's not new, but the public is always receptive to a new version of an old favorite. Lou Bring has a top-notch organization and they do a great job musically. The woodwinds get a workout here and the other sections of the orchestra give them good assistance. The flipover will be a money maker too. "Romance Of A Queen Bee" really gives this outfit a chance to show what they can do to a classic their treatment of Rimsky-Korsakov's "Flight Of The Bumble Bee" is a honey. It's intended for the ears only, but it's a cinch to draw numerous nickels.

#### SLEEPER OF THE WEEK

"Tutti-Fruitti"
Slim Gaillard and
His All Stars
(20th Century 20-10)

 Slim Gaillard is fast becoming a national institution in this land of varied musical tastes. This week we'd heartily recommend taking a big bite of "Tutti-Fruitti" as served up by Slim Gaillard and His All Stars. The jive is solid and the pace is fast. It's the musical result of a pen collaboration by Gaillard and Stewart, two big names in the jazz field, so there's a clear indication of plenty of stomp in the offing. The boys are given a free rein so improvisation is the order of the day. Once the jazz hounds get the scent of this hot piece of wax they'll pour heaps of nickels into the cash boxes. Gaillard's Boogie Three strut their stuff on "Slim's Cement Boogie," which is on the reverse. Some of this trio's musical concoctions are rather weird, but those who like sizzling boogie will go for it. Head this for the jazz spots and it'll wow 'em.

# "Five Minutes More" "By The Waters Of Minnetonka" The Three Suns (Majestic 7197)

The music of The Three Suns serves as an excellent accompaniment to dining and wining as well as being plenty all right for dancing. Their long stay at one of the Manhattan's midtown hotels is proof enough as to the popularity of their style of music. "Five Minutes More" is a romantic little ditty with Artie Dunn supplying a pleasing vocal. Flipped, the record reveals "By The Waters Of Minnetonka." Their version of this once semi-classic comes out as pretty smooth swing. This record will adapt itself nicely to those spots where they like their music on the quiet side.

# "You Waited A Little Too Long" "Put Your Little Foot Right Out" Tex Russell and His Hollywood Cowboys (Aladdin 507)

Tex Russell and His Hollywood Cowboys do a lot toward winning some new friends for western music in "You Waited A Little Too Long." Dude Jackson's vocal is good in this prairie melody but the instrumental part of the record will bring in the money. The band swings out between the choruses and that guitar really sings. The backing, "Put Your Little Foot Right Out," gives us cowboy rhythm with a bounce. Coby Jones and Dude Jackson pair up for the vocal. Locations already in favor of cowboy music will go for this one, but it also would be well worth a try in spots where they're not quite sold on it because of the first side.

# "Peg-Leg Bandit" "Catfish Take A Look At That Worm" Smiley Burnette (ARA 4008)

• Smiley Burnette has enough fans right now to make this waxing a success, but his version of "Peg-Leg Bandit" will clinch the deal. It's a western novelty with the corn right off the cob. The vocal is plenty all right and the band does the musical sound effects. "Catfish Take A Look At That Worm" is on the reverse side and Smiley vocalizes in sort of a lazy way that makes for easy listening if your vote is usually cast in this direction. "Peg-Leg" is the money side, however, and should be included in all cowboy locations.

### "Love Poison" "Pop Fly" Velma Nelson (Aladdin 140)

• For some low-down blues right out of the cellar here's Velma Nelson and "Love Poison." She handles the torrid vocal okay while Will Rowland and His Band present a background with the emphasis on jive. The backing, "Pop Fly," is more of the same. The lyrics are definitely purple, but this won't prove to be detrimental if properly dealt out. This disk should click in the race spots.

## "My Fickle Eye" "Apple On A Stick" Judy Canova (ARA 4007)

Judy Canova plus two novelty tunes are slated to grab profits in the juke boxes. Judy has a style all her own that's pretty familiar to all. She plays it straight but doesn't lose that touch of hillbilly in her voice. "My Fickle Eye" is a catchy tune that will stick in your mind for hours after you've heard it, and it's sure to rate a good sized play. "Apple On A Stick" is in the same vein and is well suited to Judy's style. Place it right and the cash will roll in.

# YOU CAN'T MISS WITH MERCER!!

JOHNNY MERCER 'My Sugar Is So Refined'

With the Pied Pipers and Paul Weston and His Orchestra

A "triple threat" combination of Johnny Mercer's song styling, Pied Pipers harmony and Paul Weston's top orchestral backing. Clever lyrics are delivered as only Mercer can . . . Tune's bouncy dance beat will catch on! One of the year's best bets!

Ugly Chile' (You're Some Pretty Doll)

With Paul Weston and His Orchestra

'Ugly Chile' is hilariously funny and made to order for the Mercer drawl . . . Weston again adds big league backing on this lively number.

It's a toss-up which side will go biggest, but both will take hold — and fast!

"Divina Hichicera" (Divine Enchantress) "Soy Purito Borincano" (I Am A Pure Puerto Rican) Don Gonzalez and his Trio (Standard Int'l 4015)

• The guitars and voices go down low and mellow for this impassioned bal-"Divina Hechicera," and the manner in which the Don Gonzalez trio interpret the song puts it across as a genuine hit for any Spanish speaking location. It's a tune heavy with sentiment, and that's the way it's done. Maybe more informed critics would call it commercial, but as far as the juke boxes are concerned that's just the way we like 'em. The backing, "Soy Purito Borincano," is done to a spright, gay tempo, delivered vocally and instrumentally (guitars) with lots of variations. Especially beamed for the Puerto Rican trade, it scores so well they'd like it anywhere—and pay for the listening.

Russian

"Russian Kazotchka" "Russian Sher" Abe Neff Orchestra (20th Century 2315)

• What native of Russia (or their children for that matter) are not familiar with the almost legendary Kazotchka? It's a truly traditional melody that the old-timers—and the young ones, too --- would contribute for no matter how good or bad it's done. But, happily, this version, served up by the Abe Neff Orchestra, do it quite adequately, and if the cash customers begin to hop when it sounds forth from the juke, don't be surprised. They're doing the Kazotchka. Flipped, the Neff crew offer "Russian Sher," another well known, traditonal melody. It's good, but our money rides on "Kazotchka."

Majestic Records is reported mapping big plans to expand sales to the juke box trade. Lou Suritz, national sales manager for the label was in heavy conference with Majestic biggies at head-quarters (St. Charles, Ill.) during this past week, and rumor has it that much of the talk concerned those plans. Meanwhile, Parker Erickson, Majestic V.P. is in New York. For what comes of the meetings in which Lou Suritz, Parker Erickson and James J. (Jimmy) Walker, the Majestic prexy, conduct here, the trade will just have to wait and see.

The folks at Apollo Records are heavy with excitement over their new disk cut recently by Rochester. From what one of our reviewers declare the folks have real reason for their excitement. All the reviewer has been humming around here lately has been something about "lox and bagel with cheese in the middle." Meanwhile, Apollo spokesmen say they'll have the disk ready for mass delivery by the time this is printed.

From Vogue (the picture) Records comes word that six releases are scheduled to hit the market within the next month. Among the artists to be heard on the cuttings are: Shep Fields Ork, the Enric Madriguera Ork, the Bob Haggart Ork, and the Phil Spitalny All-Girl Ork. An imposing array to be sure . . . Here's a correction note: Last week we listed the wrong author for the very well received, "I Left My Heart In Mississippi." Actually, the tune was penned by Ben Ellison, currently managing the new Hollywood International label.

Have you heard Margaret Whiting sing "Along With Me"? We liked it fine. It's a Capitol . . . Down at Runyon Sales Co. of New York they're really going to town. "We're headquarters for the top independent labels," says genial Johnny Halonka, and one look at the way the music ops flock to his counter, who can say otherwise? Assisting Johnny is Gloria Friedman, who adds lots of gaiety and good humor to the place. Joe Kronfeld, who we've met but recently, is the third member of the personable crew. Credit Joe Kronfeld with getting the disks to where they want 'em, when they want 'em.

Leonard Schneider, Decca V.P. and ad manager, has returned from vacationing. He is reported to have brought lots of new merchandising ideas along with him . . . Practically all the record makers from New York and Hollywood journeyed to Chicago for the big NAMM convention. Reports leaking out from there have it that there will be lots of news ready for announcement. Much news of interest to the juke box op. Till then, let me wish you that every service call will be the result of too many coins in the cash box.

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code number appear in front of the name of each machine.

MEANS PRICE WENT UP.

MEANS PRICE WENT DOWN.

MEANS MACHINE JUST ADDED TO LIST.

MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK.

MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.

MEANS NO PRICES QUOTED FOR PAST TWO WEEKS.

MEANS NO PRICES QUOTED FOR PAST THREE WEEKS.

MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION.

### IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

THE C.M.I. BLUE BOOK REPORTS EACH QUOTATION EXACTLY AS IT IS MADE AND DEPENDS ON THE SUBSCRIBER TO MAKE AVERAGE PRICE ADJUSTMENT TO FIT THE CONDITIONS IN HIS OWN TERRITORY.

# FLOOR MUSIC MERCHANT

HILO, HAWAII — James K. Martin is a Wurlitzer Music Merchant in Hilo, Hawaii. On April Fool's Day, nature played a trick on Jim that he won't soon forget. It came in the form of a tidal-wave—and when it was all over—Jim was out twenty pre-war phonographs, his shop and all his record supplies.

But, as the picture shows, Mr. Martin is a determined gent. There he is in his own Jungle Jim Club in Hilo with his first new Wurlitzer Model 1015. He plans to replace every lost phonograph with another new Wurlitzer 1015.

Jim says these new Wurlitzers are stirring up a second tidal wave—of popularity, as his Hawaiian customers go for their outstanding beauty and tone

## U. S. Gets \$1,276,200 Illinois Slot Tax

By BERT MERRILL

Special to The Cash Box

VANDALIA, ILL. — V. Y. Dallman, collector of internal revenue, downstate Illinois, termed the Federal Government "no piker" as he reviewed the returns from slot machines in the area, which he said totaled about \$1,276,200 annually.

He said the special tax on slot machines were paid by 4,254 taverns and clubs, at a rate of \$100 on each machine with 12,762 licensed machines registered.

Dallman said the estimated gross profit yearly from each machine averaged \$2,000 for a \$22,000,000 net profit, subject to the income tax rates, which produce an additional \$5,000,000 for the Government under the 25 per cent income tax rate.

Dallman spoke in the new Legion home, at the banquet of the Twentythird district's Egyptian Past Commanders' Club.

In short, according to Dallman's figures Uncle Sam benefits to the tune of \$6,276,200 each year from the slots in downstate Illinois.

### **Atlantic City Taxes New** Group Game \$1,000

#### Other Licenses Upped

ATLANTIC CITY, N. J - A new group game known as "Trillo" has been drawing big crowds to the Boardwalk. It is the first game of its kind to be operated on the Ocean side of the Boardwalk. It was licensed at \$1,000 a year.

The license was obtained by the Trillo Corp., with Irving Fishelberg as president. It is the fourth group game to be licensed on the Boardwalk this year at the \$1,000 fee. There are two games of Fascination and one of Skillo at various locations along the Boardwalk which have also paid the \$1,000 license.

The principle of all four games is the same with the players competing by rolling balls to make the proper combination of letters or numbers.

In addition to the group games the Boardwalk here now has 14 Pokerino parlors which are licensed at \$500 each. The city ordinance was amend-

# Gambling Hit Snags

NEW YORK — The campaigns which have started thruout the country to legalize gambling as a source for obtaining revenue are hitting up against many snags.

In Harrisburg, Pa. where some of the more progressive citizens came to the fore and urged the city to legalize gambling, the press has jumped down on this suggestion with strong statements.

The Harrisburg "Patriot" quotes an article by Roger William Riis which appeared in the July issue of Coronet magazine and which is vociferous in its many statements against legalized gambling.

This article states in part, "Gambling is dishonest from the ground up. Its cards are marked, its dice is loaded, its roulette wheels and slot

machines are rigged."

In Madison, Wis. where Wisconsin's Veterans of Foreign Wars are on a crusade for a soldier's bonus from the state by recommending repeal of the Thomson anti-gambling law, the press here has jumped down on this proposal and is hitting back at the veterans.

In California where many leaders in the legislature also came forward with statements that gambling be legalized, there has been a quietus put on this movement by the press, to some extent, and by others who use this as a political weapon.

These snags, which those progressives who plan to legalize gambling are hitting up against, one noted leader stated, "Are only the sort of thing which everyone who tries to help benefit all others will always have against him. The only thing to do is to keep on pointing the way so that the states, counties and cities will benefit in much needed revenue from the very thing that is happening under their noses everyday anyway."

## Campaigns For Legal | Expect Production **Boom This Fall**

WASHINGTON, D. C. — Economists here predict that while production lagged the first half of '46 that it will show a decided upward boom trend for the second half of this year and that regardless of many shortages which seemed to be in effect there will be more raw materials produced to allow for volume production of a great many finished products for the late fall and winter of '46.

This heartening news also included the fact that more lumber would be cut this second half of '46 and that steel would reach peak production sooner than expected. While copper and tin may still be short, supplies will begin to become greater as the summer months pass.

## Calif. Town Hits Pin Ops \$500 Yearly Plus \$40 Per Game

Socks Juke Box Ops \$250 Yearly Plus \$30 Per Machine Per Year

#### **Ops Holler But City Atty** Points to Other Towns

HANFORD, PA. — The city council here went all out to sock both pinball and juke box ops with a new license ordinance which will cost the pin game men \$500 per year occupational fee plus \$10 per quarter for each machine. They cracked down on the juke box coinmen here to the tune of \$250 per yearly occupational fee and \$7.50 per quarter for each machine.

This new ordinance supersedes the previous ordinance which was in effect and which taxed both pinballs and juke boxes at \$5 per quarter

(\$20 per year).

Two ops appeared before the council, Ralph Marsico and P. B. Moreland, and expressed deep and complete dissatisfaction with the pro-visions of the new ordinance. They wanted to pay a flat license fee without having to pay any additional amount for each machine.

Moreland is reported to have stated, "We expected the council to impose

Marsico is reported to have told the council that it would be impossible for the owners of the machines or the locations to make any money under this heavy tax.

Immediately following this, it is

# Apt. Houses to Install Coin Operated Laundries

## SEE THIS AS THREAT TO COIN OPERATED LAUNDRY STORES

SCHENECTADY, N. Y. — Some months ago *The Cash Box* warned coinmen that the new coin operated laundry stores would simply encourage more dealers, wholesalers and apartment houses to install and sell coin operated washing machines of all types as well as enter into the business of direct house-to-house canvassing of such units wherever a laundry store with coin operated equipment was installed for this would, naturally, be fertile territory.

An announcement, this past week, by the Schenectady Savings Bank, which is sponsoring a \$1,000,000 housing development here, consisting of ten modern garden apartment buildings, declared that among its plans for tenant facilities was the use of a complete coin operated laundry service. They would install coin operated washing machines right on the premises (and, naturally, these would eventually be more than paid for by the tenants).

This announcement was coupled with the fact that other apartment houses thruout the country as well as the new developments now being planned all intend to install coin operated washing machine service which would be operated by the tenants themselves. This has already proven tremendously successful (and extremely profitable) in such cities as

Brooklyn, New York, Chicago and others.

Large wholesalers of washing machines, it was also learned, are also planning on using coin operated timing meters to sell their units with greater speed and for a very small down payment to householders desiring them.

The purchaser would pay for the machine by the coin inserted (which would be placed at a certain weekly minimum figure). Many of these wholesalers intend to follow up in those areas where coin operated laundry stores are now functioning.

### Another High School Gets a Juke Box

MONESSEN, PA. — Students and all young people in this area are making Friday evenings one of the high spots by attending the dances at the North Belle Vernon High School where they dance to the juke box in the gymnasium.

(Many communities in this state, as announced from time to time in *The Cash Box*, are installing juke boxes in high school gyms for the entertainment of their youth.)

## Pitt. Councilman Urges Legalizing Slots

PITTSBURGH, PA. - Councilman James H. Gray who branded the Mc-Kessport numbers drive a fizzle and who proclaimed that this "holierthan-thou" campaign was getting nowhere, is urging the City Council here, which is in need of an additional \$200,000 at this time, to legalize the use of numbers (which, he claims, could not be controlled by the U. S. Army and which is the "poor man's gamble, just as the rich man's gamble is the stock market) and

He stated that slots were licensed at \$1,000 each already and that if allowed to run would more than make up the \$200,000 this city needed.

He stated, "I'd legalize numbers and I'd put a stiff license tariff on punchboards. The slot machines already have a \$1,000 license fee. We would make money for the commrnities. Here we are ready to borrow another \$200,000 to 'keep going'."

He is also reported to have said, "I don't go for these phony, sporadic campaigns that build police court receipts out of human misery."

## Coin Machine Taxes May Fall in New San Diego Ordinance

SAN DIEGO, CALIF. - Good news for coinmen in this city was foreseen here recently with the announcement that taxes on amusement machines may soon be drastically cut.

The move is expected to result from an ordinance amendment now being studied by the City Council.

If the amendment is carried thru and written into the law, the edict would cut monthly taxes on pennyoperated machines from \$1 to 50 cents, and on equipment operated for more than a penny, the monthly levy would go down from \$5 to \$1.

(This will be the first city of major size which will have cut coin machine taxes instead of boosting them up in the past four years, should this new ordinance go into effect.)

#### **Dinah Shore Applauds Phono Mechanism**

LOS ANGELES—Dinah Shore, Columbia recording star, and sweetheart of the juke box men thruout the nation for her many fine records, applauded a demonstration of the new AMI Model "A" mechanism which she was shown in detail at the M. S. Wolf Distributing Co. showrooms in this city.

Like many other recording artists, Dinah is becoming ever more familiar with coin operated phono mechanisms and one big reason is that it helps them to give their recordings a lot more of the power needed to "sell" the records where patrons listen to them on the juke box.

Dinah's recording of "Doin' What Comes Natur'lly" is reported to be sweeping the country at this time. This song was chosen as the August hit number by the general public for the Cleveland Phonograph Merchants Assn.

#### PEAK WASHER OUTPUT

CHICAGO — Coinmen interested in coin operated washing machines will be interested to know that the washing machine industry expects to produce over 3,000,000 units next year. This will be over 1,000,000 over their record which was established in 1941 at 1,892,435 units.

The statement of this peak record production is attributed to R. H. Pizor, manager of laundry equipment sales for Borg-Warner Corp. He made this prediction at the summer house furnishings show here.

#### South Africans Enjoying Big Boom

CAPETOWN, SO. AFRICA — Worldwide fear of inflation is producing one of the biggest booms in the history of South Africa's diamond trade, according to reports.

Dealers are receiving many orders from the United States for shipment of cut stones at any price. Diamonds seem to be considered one of the safest forms of investment at present, regardless of cost.

Cutters of diamonds here are averaging better than \$300 per week. Some stones of larger size have been getting new high record prices.

In the meantime the coin machine trade here is enjoying one of its best seasons with the demand for new games growing accordingly.

## Amuse. Enterprises To Show 3 New Games Aug. 15 to 18 At New Yorker

NEW YORK — George Ponser and Irving Kaye of Amusement Enterprises, Inc., this city, have just announced the completion of an entirely new line of amusement machines which will be shown at the Hotel New Yorker for the benefit of the trade nationally on August 15 to 18 inclusive.

In making this first announcement, both Kaye and Ponser stated, "All distributors, jobbers and operators thruout the country are invited to attend the showing of our new equipment at the Hotel New Yorker on August 15 to 18 inclusive.

"We will hold this as an 'open house' showing," they continued, "and will bring in three great surprises to the coin machine industry never before shown anywhere in the country. We believe that these three machines will outshine anything ever before presented."

Ponser and Kaye also claim that they would have shown pictures of the new games, but that they could not arrange for the engravings in time for this announcement.

"We will have the games on the floor," they stated, "and we believe that this is more important to the trade — we will be ready to make immediate delivery soon after the showing."

#### Judge Okays Clubs for Slots But No Locations

MOUNDSVILLE, W. VA. — Judge D. A. McKee, in Ohio County Intermediate Court, this past week declared there was a difference in slots on locations as against private clubs.

Regarding this he stated that the operation of slot machines in strictly private clubs for the entertainment

of the members, and with the funds being used for a good cause, is a vastly different matter than the operation of slot machines in public, where those, including children, who cannot afford to lose any money, are permitted to play.

## Changer in New York

AL SEBRING

CHICAGO—Al Sebring, head of Bell Products Company, and manufacturer of the Beacon Coin Changer, arrived in New York City for a special demonstration of the Beacon Coin Changer.

The showing will be held at the East Coast Sales and Distributing Co., 627-629 Tenth Ave., Monday and Tuesday, July 22nd and July 23rd.

"In all my years in the coin machine industry," said Al, "I have never experienced such tremendous response. We are literally flooded with inquiries from operators and sources outside the field.

"All marvel at the speed and absolute accuracy of the Beacon Coin Changer, particularly its gyp-proof features.

"Because of so many urgent requests from the New York area, I am personally demonstrating the ma-chine and making arrangements for all fields."

#### Canadian Lumber Due for 10% Rise

NEW YORK — Canadian lumber manufacturers will soon impose a 10 per cent price increase on products sold to the United States, particularly the Northeast, to compensate for the recent establishment of the Canadian dollar on a par with the American dollar. This was disclosed this past dollar. This was disclosed this past week by a spokesman of the Canadian lumber industry.

American lumber sources reported, "Our Canadian competitors are justified in putting thru the increase and, according to reliable information, it will not be long in coming.

Exports to this country of Canadian lumber are estimated at 1,500,000,000 board feet annually with a yearly dollar volume of approximately \$75,000,000.

The bulk of the output is channeled to the Northeast thru American wholesalers who are accorded a 10 per cent discount. Under the former value of the Canadian dollar a \$1,000 sale in the United States meant \$1,100 to the Canadian. This will now be offset by the par valuation of both dollars.

ing from this showing there were over 267 operators present from this city, Bisbee, Flagstaff, Tucson and other spots in the state.

Many notables who were at this famous resort spot also attended the showing. Leading recording artists and others called around to pay their respects, it is stated, and many of them proved extremely interested in this new juke box.

According to Wolf, "This was one of the most successful showings ever held in this area. We found all the men here extremely interested in our new AMI Model 'A' phono and the orders which we have taken assures us that AMI will lead the way thruout this territory.

"There is also no doubt in our minds that the leading locations in this state will want AMI's and we are doing our best to arrange for as speedy delivery to the juke box men

#### Harry Marcus Co. **Busy in New Home**

CHICAGO - Harry Marcus Co., since moving over to their new plant at 2913 N. Pulaski Rd., this city, are reported to be busier than they have ever been before supplying the trade.

The firm are exclusive distributors for "Wico" products and report that coinmen everywhere in the nation are finding these the best that they have ever yet used.

Visitors from foreign countries are also calling at the firm's new offices here and making arrangements for shipments of supplies.

An important announcement will soon be forthcoming, officials of the firm advise.

We expected a tremendous crowd of juke box men to come to town for the big NAMM show at the Palmer House this past week. But, to tell the truth, we were rather disappointed. We did meet with some juke box ops who had record stores and came along to see what they could buy for their places but, the big crowd of juke box ops was missing. We believe that this was much due to the show taking place during the very heart of the vacation season—the heat—and all—and coinmen just won't leave their routes and other interests during this month. All in all, tho, it was a very fine show with plenty of good exhibits and much ado about records — which is what the juke box trade is most interested in. Plenty of announcements from the record people coming very soon.

Ken Wilkinson of United Amusement, San Antonio, in town this past week and looking around for a great big factory, we hear, in which to build something that is in the music line . . . Ben Rodins of Marlin Equipment Co., Washington, D. C., also in town this past week and reported to have made some nice contacts. Ben is gradually becoming one of the better know Capital coinmen . . . Max Roth of Wilkes-Barre, Pa. was around here and there and reported to be angling for a line which will prove of good interest to the coinmen back in his part of the woods. Max is also reported to have hit the stock market pretty hard this past year . . . Howard Peo (remember the Peo Whirlwind) of Rochester, N. Y. came to town and was seen over at Bell-O-Matic asking for more and still more shipments to be made to his firm.

Cliff Hanson of Plano, Ill. also in town and seeking to buy more equipment . . . Ross Lewis of Peoria, Ill. was also in town and was seeking to get some machines back with him so that he could place them quick . . . Hymie Rosenberg of N.Y.C. made a flying trip in to see the Challenger and get set for deliveries right after his showing in New York . . . Vince Shay, the Missus and Vince, Jr. off on a two weeks vacation to Grand Rapids, Minn. . . . By the way, at the famous Fox Hunt Tournament, held annually at the St. Charles Country Club, (Sat., July 13) the low foursome, totaling 278, out of the 51 foursomes who teed off were none other than: Vince Shay 85-18 for 67; Bill Mills 92-25 for 67; Grant Shay 88-17 for 71 and Herb Mills 95-22 for 73. The four walked away with a truckload of prizes we are told.

And Midge Ryan of Bell-O-Matic has just returned from a 4 weeks vacation on the West Coast . . . Understand that it's almost a year since Genco first introduced their Total Roll and, from what they tell us at the Genco plant, the game is still getting top money and becoming more and more popular all of the time . . . Exhibit has a new game in the making which they intend to present sometime in August . . . Al Sebring of Bell Products Co. will be in New York on July 23 and 24 and hold the showing of his famous Beacon Coin Changer at the offices of the East Coast Music Co. on Tenth Ave. . . . That new and improved, satin finished disc (for Groetchen Metal Typers) being put out by Max Glass Distributing Co. is a honey. It has the sheen of a mirror. They are of standard thickness to fit chucks perfectly. The firm have installed new dies made by one of America's foremost diemakers. Max Glass tells me, "The engravings on these new discs are 100 per cent accurate and offered for sale with a money back guarantee."

Howard Freer, admanager of Empire Coin Machine Exch., packs up, grabs Mrs. Freer, and both are off for a two weeks vacation at Eagle River, Wis. That's the life,

Howard . . . Gill (Empire Coin) Kitt dashes off this past week to visit his Des Moines offices . . . Saw Henry Fox of New Orleans in town again this past week. I'm wondering does this man live here? He seems to be in Chi more than in Nola. And, from what some tell us, Fox should open offices here . . . L. R. Cornish of Peoria seen around the town this past week looking to buy equipment . . . Max Hurvich of Birmingham was in town to attend the NAMM show at the Palmer House—but used much of the time he had to also call around and beg manufacturers here to ship more and still more machines down Birminghamway . . . Vince Murphy of Monarch Coin Machine Co. leaves for a two weeks vacation in the east to visit with his folks. On the way he'll call on some of the leading coinmen.

Jake Greiner of Greiner's Music Co., Albuquerque, N. M., here to attend the NAMM show seen over at Monarch talking about buying out every music machine in the place—and, from what they tell me, he meant it, too ... A. Pereira of Havana, Cuba (that's the spot for the winter) calls around at the new Marcus plant to visit with his friend, Al English . . . Production of the Groetchen Columbia has been stepped up to such an extent that it looks just like old times again. They also tell me that the new, large size Columbia will be ready very, very soon . . . Al (World Wide Distrib.) Stern finally gets away to call on the coinmen in his territory . . . Dave Lovitz, Jennings adman, working like a beaver these days with the "Chief's Pow-Wow" and with a zillion other things to attend to . . . Elwyn Shapiro, recently returned from the armed services, is back at Superior once again and— just like in the old days brings out Superior's "Scoops"—a neat salesboard mag chock full of interesting news.

Doc Eaton, AMI vice prexy and general salesmanager leaves for a visit with his eastern distribs in New York. And president John Haddock joins him there the end of the week. Must be big things happening out east . . . Joe Beck of Mitchell Novelty Co., Milwaukee in town this past week, and reported to have something for the trade which will click like a million . . . Sam Strahl of American Coin-A-Matic, Pittsburgh, also in town this past week and seeing what's what over at the NAMM show while visiting with the various factories he represents . . . Harry Bank of Cosmo Records in town with a big staff and entertaining many of his coinmen friends who remember Harry away back when he was only interested in coin equipment. He's doing a terrific job, we are told, with Cosmo Records and they're going over like a house afire . . . Milt Salstone of M-S Distrib Co., the boy who's clicking in the record distributing biz here, seen here and there and everywhere around the town this past week. Milt is one of the most personable and one of the really swellest guys in the business.

Pahlenty of guys in town and rushing over to the big Bally plant to see whether they can't get George Jenkins and Ray Moloney to release a couple of trillion Draw Bells for their territories . . . And that reminds me—Ben Coven is getting ready to pop with some big news very soon . . . They tell me that things are really humming over at Daval with plenty of boys wanting those Daval counter games as quick as they can get 'em . . . Dan Cohen of New Orleans reported passing thru here on his way to N.Y.C. and will be coming back this week, they tell me . . . Ho—hum—it's a hot and lazy day—so I guess we'll call this "30".

There's a lot of quiet things happening out here which will soon bust out with a big news break . . . Teddy Blatt claims that DuGrenier ciggy machines will move into the new "Solotone Bldg." he will open and remodel on 10th Ave. just as soon as the present tenants can be moved out. (At \$3 per square foot) . . . Joe Friedman of the "Mountains" and old Mac Cohen (remember Crane Mdse. Co.?) will be opening distributing headquarters in town very soon . . . Jerry Gellerstein, who is Phil Gould's partner and the creator of "Super Roll", left for a well earned vacation in Asbury Park, N. J. Prior to leaving Phil said that he would be out with something "really sensational and absolutely new" very shortly . . . Bert Lane of Atlantic on his way to Chicago to visit with the Seeburg factory . . . Leon Berman and Charley Katz of Standard Games played host this past week to a tremendous number of visitors who saw their "Spotlite" announcement in this past week's issue of The Cash Box. First visitor, the boys report, was H. M. Branson of Louisville, Ky. who, after he saw the game, doubled his former order.

\* \* \* \*

We're seeing more of those Personal Music boxes around the town. Looks like Jack Mitnick of Runyon Sales has been working harder than ever . . . There's a new wired music system being built in New Jersey which is capturing pahlenty of attention and much, much talk . . . Sol Kesselman, atty for the N. J. music ops, much pleased with the fact that the entire Guild voted to go to a minimum 75%-25% commish basis by September 1. Sol believes that this "idea of The Cash Box" will spread and spread until it becomes nationally accepted just as the old 50%/50% idea was first used . . . DeWitt (Doc) Eaton, AMI vice-pres. and general salesmgr in town this past week and visiting with his distribs here. Doc is said to have become one of the "travelingest guys in the coin machine business" . . . Confidentially—there's a new music box being built right here in the east with one of the best music men in the nation doing the necessary groundwork for a firm reported to be rated in the "zillions". You'll be surprised when you hear the name.

George Ponser and Irving Kaye of Amusement Enterprises, Inc., in a close huddle the other evening whispering away. From what we can gather seems that both George and Irv are getting ready to bust right out with an announcement that will startle all in the trade. They've got two new machines under way right now ... Willie (Little Napoleon) Blatt still around town and enjoying it, too. At least he's doing a good job with those colored pasteboards . . . Sid Mittleman of American Coin Machine Co., Newark, getting ready to announce something of value to all the coinbiz which the firm will handle on an "ex" basis for the nation . . . More and still more coinmen calling on Al Bloom over at Speedway Products to get some of that "Talking Gold" plastic cloth. Everyone of the juke box coinmen who have ordered it have repeated, it seems, and all want more of it, too . . . They're going to match up Dave Stern of East Coast with Abe Green of Runyon-in a golf match. Dave wants to play with a broom and a shovel.

Hymie Rosenberg held a gala showing for the new Challenger phono at the Park Central Hotel this past

week. Many an op attended to partake of Hymie's hospitality. Bert Davidson, national salesmanager was present as was Benson of the drink machine division. Mrs. Rosenberg acted as hostess for this showing . . . Marcus and Mrs. Klein are motoring up to Saratoga to partake of the health baths, etc., etc., etc. . . . Bill Blumenthal, who is holding down the fort at Tri-State enthusiastically reports that U-Need-A's will be rolling off the production lines in big volumes . . . Charley Engelman (Columbia Music) is yip-ee--i-yaying all over town -and inviting friends over the Engleman Trio's dude ranch where they serve horses and hospitality with saddles. What no shvitz bood? . . . Fred Salerno of Roxy Music blithely skipping along Coinrow whistling merrily away. When we got up close, we noted that his whistle was the "Wedding March". So.

Jack Fitzgibbons getting himself all excited over that surprise he's going to pop on the music trade within a couple of weeks. And, in the meantime, Jack and Al Schlesinger seen in conferences regularly whispering and whispering . . . Leo Knebel of Manhattan Phono busier than a beaver these days with Aireons coming into his place in good numbers . . . Dan Cohen of Progressive Distrib. Co., New Orleans, in town and getting ready to announce his distributorship of one of the noted vender lines. Dan told us all about it—with a splitting headache —but not from the cold weather we had here . . . By the way, Jack Mitnick is waiting to become a grandpappy anyday now. Ain't that sometin'? . . . Regardless of the fact that he's always in a rush-Mike Munves has a big "hello" and just as big a smile for all who call around. And being one of the real "old timers" in the coinbiz who has been "thru it all"—that's the attitude to have—believe you me.

Joe Orleck of The Cash Box is vacationing away down deep thar in the southland-Miami-to be exact . . . Harry (West Side Dist. Co.) Berger with his head in his hands, claims, "Business never was like this" . . . Barney Schlang, who manages the music ops assn., already in action on the forthcoming annual banquet in October, advises that all the leading record manufacturers have told him he can have all the talent he wants for that important affair. If it's anything like the last timewhen the acts never did finish—it'll have to start at 2 in the afternoon . . . Bert Davidson claims that they will be delivering Challengers in this town "next week"—which means beginning today . . . Charlie Polgaar, who would rather fish than eat, was seen over at the Park Central and since it was such a beautiful day-few could figure it out . . . Eddie Corriston and Ben Becker of Palisades Specialties, Cliffside, N. J., hard at work with their big resort biz . . . Lew Rosenberg of the Bay Ridge Music Co., is a summer bachelor—and we wonder whether he likes it? . . . Max Shiffman of Premier Music is also a summer bachelor-even to the point where his shirt tails are hanging out of his pants. Here's one guy that needs wifey around to tell him these things . . . Al (Senator) Bodkin of Forest Hills away on a vacation-and doesn't even know when he'll return . . . Frank Broccoli of Broderick Music is spending the summer at Long Beach -which ain't bad at all . . . And we, too, want to get out and enjoy the sunshine . . . so long for now.

Jack Gutshall was one of the busiest men in town this past week. Jack received a carload of the new Aireon phonos and had his entire staff, even the girls in the office, unloading and uncrating the very precious cargo. Furthermore, Jack is sponsoring the very lovely songstress Kay Starr as the new "Queen of the Juke Boxes." Miss Starr is currently recording for the Lamplighter Record Co.

Al Silberman, general manager for the M. S. Wolf Distributing Company, went to Phoenix, Arizona, to supervise the showing of the AMI phono to Arizona ops at the Westward Ho Hotel. The showing took place there on the 17th and 18th of this month. Due to the press of other matters Bill Wolf did not plan to attend.

It's as quiet as a morgue on a Sunday afternoon along record row in Hollywood. Most of the record people are enroute from Chicago, having attended the NAMM show. Among the firms having representatives there were: Exclusive, Bel-tone, Aladdin, Excelsior, Mel-O-Disc, Memo, Enterprise and many, many others.

A new disk label has just come into being, known as Hollywood International Records. The firm is under the able managership of the well known song writer and executive, Ben Ellison, author of many song hits which include "I Left My Heart In Mississippi". Ben formerly wrote the songs and script for the Mae West shows.

H. G. Krause of the Enterprise Record Company has just completed a reorganization of the firm and has appointed a number of field men to carry the firm's records far and wide, covering the country most completely. The firm plans a series of albums featuring a number of top name bands and a series of children's albums. According to Krause, the policy of the label will be one of quality to fill the needs of juke box ops and record distribs thruout the nation.

Leo Mesner of Aladdin Records was very happy and elated over the selection by Ralph Emmett of *The Cash Box* of the firm's latest release, "You Are My First Love" as the Disk O' The Week. Mesner, in commenting, stated, "*The Cash Box*" is doing a great job for the record firms as well as phono ops, and that's according to reports we hear from our distribs throughout the country."

Danny Jackson of Automatic Games Co. was a bit unhappy over the unexpected delay of builders working on the firm's new showrooms. The boys expected to be all set up and going by the end of the week, but difficulty in obtaining certain material caused a delay. The latest dope they have is that the building will be all completed within the next two weeks at which time the boys plan an announcement to game ops. The firm is distributing Pace Slots in Southern Cal and Mexico and plan on distributing a number of other games shortly.

Len Micon of Pacific Coast Distributors has just received a number of the new H. C. Evans "Bangtails," which he quickly shipped to the ops who have been waiting the longest. Len expects another shipment from the factory within the next week and plans on an important announcement on the new Packard phono which, he says, will make the music ops very happy and very, very soon.

Nick Carter of Nickabob Sales has just returned from a three week trip to New York and Chicago on the hunt for new equipment and called on a number of the distribs and factories there while on his trip. A nice shipment of phonos was received by Nick the day of his return which sent his spirits soaring. Carter promises an announcement soon.

Bud Parr of Solotone has just returned from another trip to the East Coast, where he made several new distributor appointments. Bud reports that the demand for the Solotone timed music box is growing all the time and that the factory plans on a number of expansion moves to speed up and increase production . . . Fred Gaunt, manager for General Music, has just received a large number of new games which include the new "Amusematic Lite League," "Total Rolls" and Bally games and promises immediate delivery of those units now on the floor in their showrooms.

Elky Ray of the Gold Coast Coin Machine Exchange has just received the new Gottlieb five ball, "Superliner," which is on display at the company's temporary offices at 2833 W. Pico Blvd. The contractors are still busily engaged on their new building at 2844 W. Pico, which is expected to be finished within the next three to four weeks.

Skeets Gallagher, of Stemler and Gallagher, is still confined to his home. It may be some time before he will be able to be up, around, and down to the firm's showrooms. In the meantime Aubrey Stemler is running things and keeping very busy buying and selling equipment.

W. Merle Connell, production manager of Quality Pictures, is now in the process of shooting the latest series of 16 MM coin film. The smell of grease, powder and perfume is quite invigorating on the set, and coin machine film ops would enjoy a visit there while shooting is on. We recommend it.

Fred Myers, of K & M Distributors, plans on a trip to Dallas to complete setting up the firm's new offices in that city. Len Kelly will look after things at the home office in town here. K & M plan on opening a number of offices thruout the south to handle the distribution of the firm's platters.

Ray Powers of E. T. Mape announces that the company has changed its name and will hereafter be known as the Mape Distributing Company. This change applies to both the Los Angeles and San Francisco offices. Ray has just received word that pictures and a sample of the new Challenger '47 is on its way out to the Los Angeles offices and should be in town any day now . . . Nels Nelson expects a sample of the new all-electric automatic bowling game "Strikes and Spares" in his showrooms within a few days . . . Jimmy Rutter and Lane Jasper have just completed their first sample of the conversion of the "Thorobred" to the new "Hollywood." The machine is on display at Rutter's shop, 2307 W. Pico Blvd.

Mr. and Mrs. Paul Laymon entertained Paul's sister and brother-in-law at a barbecue dinner at their home last week end. The folks, Mr. and Mrs. Charles Daniels, are here from Indianapolis, Indiana. The Laymons plan on taking them on a trip to San Diego, Tia Juana, Mexico and Ensanada . . . Among the ops in town this past week were: M. C. Stewart of Big Bear Lake; Art Daws, San Diego; Eddie, San Luis Obispo; C. H. Robson, Santa Monica; Clem Korte, Glendale; Tom Boddy, Lomita; Harold Murphy, Palm Springs; Frank Abbott, Alhambra; S. J. Burris, Montebello; Abe Hanlin, Hollywood; Jim Scherer, Compton; John McGee, Downey; Lester Bender, Lynwood; Lee Walker, Gardena; Scott Dreyer, Whittier; Walter Murra, Downey; Ted Johnstone, Glendale; L. Jordan, Encanton; Bernie Knott, Alhambra.

William E. Happel, Jr., of Badger Sales, is due back in town the first of the week and should have an interesting announcement to make . . . John Rough of Phonofilm productions is planning an expansion of his extensive 16 MM coin machine film library to meet the growing demand for film from Panoram ops . . . Ben Korte, local op, is planning on an extended ocean cruise to the West Indies the early part of August . . . Clem Korte likewise plans on an extended automobile trip down Mexico way.

Leo Pelletier, Fort Kent, Maine, planning on servicing his 100-mile route with a helicopter. Comes the heavy Maine snows he will equip his plane with skis . . . Gus Biladeau buying new phonographs on a recent Boston visit. He states that he will unload all his old units and replace them with new equipment . . . Leo Goulston, Boston broker, another newcomer to the coin machine biz . . . He recently sold his stamp route and is seeking new equipment . . . J. T. Marks, Fall River, touring New England for new outlets . . . Curtis Lawrence, Claremont, N. H., back in business after his return from the service . . . Ed Ravreby, Associated Amusements, on a Cape Cod visit over the week-end. Then he flew to New York for his weekly Munves gin rummy battle . . . Henry Factoroff on a Conn. visit to view a route . . . Dave Bond, Trimount Music bought out the Bissonnette arcade in Lowell . . . Si Redd, Redd Distributing Co., on his monthly vacation. He should use a two way communication system so that people can keep up with him.

#### PITTSBURGH

Sam Strahl of American Coin-A-Matic attended the NAMM convention in Chicago . . . Angelo Cangelier, happily reports his daughter Frances very much improved, hence Ange's pepped-up attitude, or is it his brother Sam's return from the Pacific Coast with a tan resembling a Hershey Bar?

Ben Long says Mulligan Distributing Co. are going places with their new Aireons. Though they are coming in, in pleasing quantities, Ben wants more and more . . . Johnny Peters is busy in Pittsburgh Amusement Co. quarters establishing a complete workshop. Johnny is equipping the service dept. with modern gadgets such as lathes, drill presses, buffing, sanding and polishing machines. Two qualified mechanics are in charge of the machine shop, where scarce parts are to be manufactured as well as reconditioned.

Larry Daurora is circularizing Schenley Vending Co's. new address by mail to his many customers and friends.

Eddie Steel the philosopher for Mechanics Service says—time are changing—for the better . . . Lou Popkins of Pittsburgh Coin Machine Exchange is enthused over the new pin game he expects to be stocking in a few days. On a recent visit to Chicago, where Lou closed the deal, he says preliminary tests have shown it to be a great game and a sure fire winner for the boys.

Meyer Popkins is director general during Lou's absence and does well at handling out-of-state clients.

Meyer had Sam Dilettoso, a big time operator from Thomas, W. Va., in tow and had Sam about convinced that coin machines were a bit hard to supply when Lou Calig and his brother Bill rushed in pleading for machines, paradoxically clinching Meyer's alibi.

It was a day of rejoicing at the Pat Orcutt's on July 10—the newcomer's name is Pat, Jr. Daddy Pat runs a string of vendors in North St. Louis . . . A new operator on the pingame circuit is W. Huttig, who before joining the ranks was a St. Louis policeman. Needless to say he knows the routes thoroughly. Huttig started off with 20 pin games and is adding more as fast as he can get them.

Harold Beckwith of Reliable Novelty Co., who has been more or less out of sight for many moons, dropped into distributors' showrooms this week, announcing the new "Reliable" name for his operating company . . . Carl Trippe's new football game is selling as rapidly as it can be manufactured, according to Ideal's jovial owner, making his first bid as a manufacturer.

Jimmy Carmody, who runs both phonos and pin games, got delivery on a new Frisco game the past week . . . Tom Davies and his family are off to cool Colorado for a week's vacation. Tom took six fishing rods along . . . It's no go for a projected summer session of the Missouri Amusement Association, according to Walter Bowman—things still too vague to schedule any sensible business discussion.

Ed Randolph, office manager at Ideal, took his second week's vacation. Projected plans for a long summer trip fell through, and Ed loafed on his front porch happily the whole time . . . Ed Lowry, Pittsfield (Ill.) op, received delivery on a new phonograph the past week, which went directly into his top location.

Operator Rudy Huesgen has bought a streamlined aluminum trailer for his summer vacation, and will take his family into Minnesota for three weeks in it. Then Rudy plans to rent out the trailer to a serviceman. He had twenty applicants after this bit of news got around . . . Pin game ops around St. Louis got a "breather" when a huge shipment of Frisco games was announced by a leading distributor. The machines were out and operating within 48 hours, filling many outstanding orders.

Tom Dunbar of Ideal Novelty is spending his vacation on his farm at Springfield, Mo. Tom's a gentleman farmer on the side . . . Decatur, Illinois, is one phonograph richer since operator Harold Brown got delivery on a new box . . . Bill Hollenbeck spent last week in St. Louis on a buying trip. Bill continues to split his time between coin machines and aviation. George Meyers, who became interested in flying while operating a South St. Louis vending string, is now a personal pilot for Monsanto Chemical Company, flying an Army surplus seven passenger ship. He's giving up his machines.
